

# PONRAJ DHANAPAL

UI/UX Lead | Design Strategy | Front-End Expertise

Mobile | +91 9962570442  
Email | [ponraj.d@gmail.com](mailto:ponraj.d@gmail.com)  
Web | [ponraj.me](http://ponraj.me)

UI/UX Lead with **18+ years of experience** delivering scalable, accessible, and user-centric enterprise web applications. Proven expertise in **UX strategy, design systems, responsive UI, and front-end technologies (HTML, CSS, JavaScript)**. Strong record of leading multi-vendor teams, collaborating with global stakeholders, and owning UX outcomes for long-term World Bank Group programs.

## CORE CAPABILITIES

**UX Leadership & Strategy:** UX vision, design governance, stakeholder management, usability & accessibility

**UI/UX Design:** User flows, wireframes, high-fidelity UI, prototyping, design systems

**Front-End:** HTML5, CSS3, JavaScript, responsive & mobile-first design, Bootstraps

**Tools:** Figma, Adobe XD, Photoshop, Illustrator, VS Code

**AI (Exploring):** Figma AI, Relume AI, GitHub Copilot

**\* I am pursuing "AI Full Stack Development" course to build AI-powered web applications.**

## PROFESSIONAL EXPERIENCE

**Bahwan Cybertek Private Limited** (Chennai, INDIA)

Technical Manager | Dec 2022 – Present

**Client:** World Bank Group

- Own end-to-end UX strategy and design execution for enterprise platforms.
- Govern design systems, UI standards, and reusable components.
- Lead and mentor designers; drive design reviews and quality assurance.
- Partner with product, architecture, and engineering teams to align UX with business and compliance needs.

**LTIMindtree** (Chennai, INDIA)

Technical Manager | May 2017 – Nov 2022

**Client:** World Bank Group

- Led UX delivery for long-running, data-driven enterprise applications.
- Defined UX standards, responsive frameworks, and interaction patterns.
- Scaled design systems to improve consistency and development efficiency.
- Acted as primary UX contact for global stakeholders.

**Teamlease** (Chennai, INDIA)

Senior UI/UX Designer | May 2016 – May 2017

**Client:** World Bank Group

- Designed user-centric UI solutions, wireframes, and responsive layouts.
- Collaborated with developers to ensure design accuracy and usability.

Creativity and Versatility are the main elements characterizing my profile.
